Yes, this is the corect port forwarding!

Check the spelling on cisco(config)#Acces-group out-to-in in interfae outside

Hi All,

I am new to pix and need your help please

pix has few other access-list

i want to open a port 8080 so that a user can rdp into his PC using the format publicip:8080

ill it work If i do these,?

```
cisco(config)#Static (inside,outside) tcp interface 8080 10.0.0.253 3389 netmask
255.255.255.255 0 0
```

```
cisco(config)#Access-list out-to-in permit tcp any interface outside eq 8080
```

```
cisco(config)#Acces-group out-to-in in interfae outside
```

your help would be appreciated.

Thank you in advance

Yahoo! Messenger with Voice. PC-to-Phone calls for ridiculously low rates.
