To: freebsd-security@freebsd.org

I just confirmed the following bug on my firefox.

<http://secunia.com/advisories/14820/>

Mozilla/5.0 (X11; U; FreeBSD i386; en-US; rv:1.7.5) Gecko/20050219 Firefox/1.0

(I think my firefox is a month or two behind, from ports, but the advisory indicates both 1.0.1 and 1.0.2 are effected.)

FreeBSD localhost 5.3-RELEASE FreeBSD 5.3-RELEASE #0: Fri Nov 5 04:19:18 UTC 2004
root@harlow.cse.buffalo.edu:/usr/obj/usr/src/sys/GENERIC i386
