Hello Mi5, Mi6, Symantec

I have information regarding Yahoo

I used to be his friend but now he fell out with me, so I want to tell everyone about him, because he's a yahoo employee i used to give "intelligence" to, but now he backstabbed me, and he miscalculated how much i knew about him and his "circle of friends".

I'll bet the dude said to himself, 'Whoa, n3td3v is a fisking idiot', right after reading a few choice fd post

He works for Yahoo

Contact me on e-mail and we can exchange phone numbers,

Regards,

n3td3v

Mate....now I'll worry about you, stay off the grog and going public on mailing lists and things could turn around for you....

To the rest I ask this, has a bigger fool has hit the ether?.....

This is of real concern to us all if an idiot of this caliber can get any sort of voice, someone could read his diatribe and think it was close to the real world.

I'll pass on your slanderism thanks and just slander you.
