Subject: RE: [Dailydave] Symantec Blackberry Whitepaper.

Someone was kind enough to send it to me, so I am returning the favor for those who may still be looking for it:

<http://www.mfn.org/~measl/blackberry.security.pdf>

Enjoy!

"Surely the larger lesson learned from that day is that other men, all over the world, took inspiration not from the heroism of the rescuers in New York or the passengers flying over Pennsylvania, but from the 19 hijackers – the twisted brilliance of their scheme and their willingness to sacrifice their lives to make a political and, as they saw it, religious statement."

Richard Corliss/Time Magazine
