The following security advisory is sent to the securiteam mailing list, and can be found at the SecuriTeam web site: <http://www.securiteam.com>

-- promotion

When was the last time you checked your server's security?

How about a monthly report?

<http://www.AutomatedScanning.com> - Know that you're safe.

Peep the Network Auralizer

DETAILS

<<http://peep.sourceforge.net/>> Peep the Network Auralizer is a monitoring tool that represents network information via audio output. Network diagnosis with Peep is not only based on singular network events, but also on whether the network as a whole "sounds normal".

ADDITIONAL INFORMATION

The tool can be downloaded from:

<<http://peep.sourceforge.net/>> <http://peep.sourceforge.net/>

The information has been provided by <<mailto:mgilfix@eecs.tufts.edu>>
Michael Gilfix.
