The following security advisory is sent to the securiteam mailing list, and can be found at the SecuriTeam web site: <http://www.securiteam.com>

-- promotion

When was the last time you checked your server's security?

How about a monthly report?

<http://www.AutomatedScanning.com> -- Know that you're safe.

WhiteHat Arsenal (Web Based Security Audit)

DETAILS

WHArsenal is designed to be the next generation of professional web security audit software. Architected from the ground up to be a generic web application security productivity tool, WHArsenal gives security professionals, and web developers access to the tools they need to make the job securing web applications faster and easier.
