The following security advisory is sent to the securiteam mailing list, and can be found at the SecuriTeam web site: <http://www.securiteam.com>

-- promotion

When was the last time you checked your server's security?

How about a monthly report?

<http://www.AutomatedScanning.com> - Know that you're safe.

Opticon|Users, Display Currently Logged-on Users on Your Windows Network

DETAILS

<<http://www.securitystorm.net/products/tools/opticon/index.asp>>

Opticon|Users 2002 is a simple tool to show administrators who is logged onto the network and from what workstation that user is accessing the network from. Information about the workstation used to logon from, the domain, the logon server, and the date/time of logon is also displayed.

This tool makes it easy to spot unauthorized logons from a certain workstation or logons using an administrative account.

ADDITIONAL INFORMATION

The tool can be downloaded by going to:

<<http://www.securitystorm.net/products/tools/opticon/index.asp>>

<http://www.securitystorm.net/products/tools/opticon/index.asp>

The information has been provided by

<<mailto:information@securitystorm.net>> Security Storm.
