Hi,

Some of you may have noticed we have changed the web site design. Our objective was to make the web site more functional, showing relevant articles on the main page, and keeping the important news from disappearing in the constant flood of new information. However, the comments we received so far show mixed feelings about the new web site design, and this is where you come in.

Since our sole purpose is to provide you with the best service we can, we need your help.

Please fill in the feedback survey, located at:

<http://www.securiteam.com/survey/>

Your comments will help us improve, and more specifically give us the feedback to make the necessary changes to the web site. There are also stickers, T-shirts or key-chains for those who fill in the survey – but more importantly you can help define the way SecuriTeam.com will look and feel.

Thank you for your support!
