My DMZ configuration

```

      \-----Any server that requires internal communications
    \--Trusted DMZ---Citrix Servers
Internet ---> Firewall ---- Workstations
      \-----Untrusted DMZ's ----- Webserver
          \----- Email Server
          \----- DNS
```

My DMZ Configuration,

```

Internet ---> Firewall ---- Workstations
      \----- DMZ's ----- Webserver
          \----- Email Server
          \----- DNS
```

Thats how my DMZ are setup.
