On Sun, 4 May 2003 15:12:19 -0400 somewhere in Hollow Earth, "Rob" <noemail@pse.com> stood before the mighty warriors and cried out:

>*Every time I boot up my computer, my computer initiates a TCP connection on*

>*Port 80 to*

>*a64-124-29-38.deploy.akamaitechnologies.com.*

[snip]

>*Does anyone know what is happening here?*

>

The server from akamaitechnologies.com establishes a connection with your machine in order to give an advertisement to your web browser.

There's nothing wrong with your computer, except probably spyware. If this is the case, programs such as Spybot or Adaware will clean up your computer.

--

Gone out of my mind for a while.

Be back in 5,000 years.
