Our company is in the process of releasing a system that will help you protect your software from piracy and help you manage your customer licensing.

Would you participate in a survey to assist us in providing the right product to meet your needs?

We realise your time is valuable, so we're giving you the opportunity to win a prize, just for participating.

If you would like a product that properly protects your software, please complete our survey at <http://dev.rootsoftware.com>

Many thanks.

(BTW, this is a genuine survey, not dressed-up advertising or hit generation.)

Russell Robinson (russellr@rootsoftware.com)
