Hey troll I wonder what MS would think about your posting habits. I think I will add you to my list of stupid MVP's and put a website up just for you.

To Sharon Franks ignore tom he is just a dumb mvp who tried to shut me down and failed like everybody else, they think everyone who dislikes them are me. Now all he is doing is disrupting this NG again. Everyone who's followed this thread will know he started it by mentioning PCbutts1.

Sorry, Christopher Butts, but you are only fooling yourself. We have your number.

With that remark you just proved my point.

Re: Adobe Acrobat Reader Updates

Let me clarify that: When PCButts disguises himself as Sharon Franks pretending to be MCSD and MCT.

All those MCSDs and MCTs are arrogant, pretentious and condescending.
