Because you have a home network your LAN's settings should allow file and printer sharing. That's why turn on Windows Firewall and goto Exception list and put a tick on file and printer sharing. This will allow you share files and hardware between the networked PCs.

Try Panda Titanium 2006 Antivirus + Antispyware  
<http://www.pandasoftware.com/titanium2006>

Panda Titanium 2006 includes TruPrevent technologies

Learn what TruPrevent ® is here:
