Don

Look at below examle helo to solve the problem

create table ABCD

(

 [password] varchar(20) null

)

insert into ABCD([password])values ('ABCD')

DECLARE @p VARCHAR(100)

SET @p='AbcD'

SELECT [password] FROM ABCD

 where charindex(cast(@p as varbinary(20)),cast([password] as
 varbinary(20)))> 0

SELECT [password]

FROM ABCD

WHERE [password] =@p COLLATE Latin1_General_BIN

SELECT [password]

FROM ABCD

WHERE charindex(@p,[password] COLLATE Latin1_General_BIN)>0

drop table ABCD
