The fast user switching feature of XP can cause some problems with various applications.

Free software firewalls that run under Windows include:

[www.sygate.com](http://www.sygate.com)

[www.kerio.com](http://www.kerio.com)

[www.agnitum.com](http://www.agnitum.com)

Windows XP ICF : <http://securityadmin.info/faq.htm#icf>
