In news:eqpQGILEDHA.2920@TK2MSFTNGP11.phx.gbl,
Steve K. <skonde@hotmail.com> posted his concerns then I replied down
below:

>>> *Im trying to remember if the instructor for 2154 went over sites and
>>> subnets in detail...hmmmm... I don't remember who that guy was...*

>>>>

>> *Yes, the instructor did in great detail. If the student wasn't
>> checking his email or day dreaming, or didn't absorb it due to the
>> mass information that was delivered in great detail, then the
>> student may have not remebered or heard the explanation. ;-)*

>

> *Ive NEVER daydreamed or checked my email or browsed the web or played
> solitaire in ANY ATEC class because I clearly understand and fully
> appreciate the fact that my employerr has so graciously allowed me to
> attend at thier expense! I find the Microsoft course materials to be
> fascinating and VERY detailed and honestly detail the quirks and
> oddities about their server products including the flaws and bugs and
> security holes.*

>

Relax, Steve, I was just joking. You were probably one of the more attentive
ones in that class.

> *Must have been information overload.*

I agree.

We're actually a CTEC.

;-)
