Greeting!

Thank you for posting!

I am glad that you have found the answer by yourself and share the information with us.

Please feel free to post any technical question to the newsgroup in the future.

Have a nice day!

Thanks & Regards,

Feng Mao [MSFT], MCSE

| I am running Win2K SP4 Server Edition. Is there a way to change the
default

| validity period when issuing a certificate? By default, all

| certs issued have a 1 year expiration period. I'd like to be able to

| selectively change that value when processing a Certificate Request.

|

| Thanks.

|
