Hello Joe,

Normal users are not able to do this except you grant them rights to work in AD. Check your default domain controllers policy, that auditing is configured.

Check out this one:

<http://technet2.microsoft.com/windowsserver/en/library/d9fea7ea-61e5-43b1-98cd-b02a09f101561033.mspx?mfr=tr>

Best regards

Meinolf Weber

Is it possible to audit a user changing Organizational Units and the deletion of Organizational Units with native auditing or does it require a third-party software?
