>In Windows 2000 Pro, you can lock the terminal by hitting

>Ctrl-Alt-Del and then click on lock workstation or just
>hit the K key.

>

>I can't seem to find nything that will do the same. Just
>leave the computer exactly where you are working but if
>you have to get up for a few minutes no one can access
the

>PC while you are away.

>

>Please reply by email to me. You need to remove
>the "no_spam." part of the email address. Thanks.
