Try pressing F8 during Windows boot up to startup in Safe Mode, then try to log in as Administrator, possibly with no password.

If that doesn't work, see here:

<http://securityadmin.info/faq.htm#password>

| I have tried everything and no password works. I have
| forgotten my password but this has never happened to me
| before!!! please send me an email on what I can do. I
| would appreciate it.

|

| Thank you,

| Becky
