Update 811493 causes the following error message on
restart after installation:

*** STOP: 0X0000008E
(0XC0000005,0X80595A99,0XEDB59B68,0X00000000)

I have XP version 5.1 (2600.xpsp1.020828-1920: Service
Pack 1) installed.

I have scanned hundreds of messages on this newsgroup but
to no avail – any advice would be much appreciated.

Regards,

Gordon.
