Finally – someone else with the same problem! Have you gotten any help...I can't get past the welcome screen

>-----*Original Message*-----

>>*From the Welcome screen, when I click on my user icon, my settings will load briefly, my desktop will flash, and then I get kicked back to the Welcome screen and logged off.*

>

>*A few notes – I have recently installed McAfee Security Suite, removed a number of bugs, and re-installed XP Home. The machine was working great until yesterday when this began.*
