| Carey,
|
| IÃ´ve just installed the installer fix, but it doesnÃ´t help. And also
| CleanUp Utility is not the thing IÃ´m looking for: at the moment IÃ´m
| also not able to install a new programm that is using MSI.
|
| IÃ´m not able to start the installer service manually or call msiexec
| from command line. I always get an 'access denied'.
|
| But thanks for your hints.
