The basic problem is you apparently do not have a "firewall" properly enabled. Please see the following:

Messenger Service Window That Contains an Internet Advertisement Appears

You may wish to try the Panda ActiveScan Free Online Scanner.

Just click on the "Scan your PC" box.

http://www.pandasoftware.com/activescan/com/activescan_principal.htm

Download Ad-Aware 6.0 and scan your PC for spyware:

| I am getting popup messages that keep coming back
| concerning Infected With A Spyware! while in Internet
| Explorer. I am using XP operating system. Any help would
| be greatly appreciated. I am using the latest McAfee
| Virus Scan but it doesn't see any of this. I screen
| printed the popup windows as a jpg. I can send you the
| exact wording...
