thnx for the input Leythos,

I have a few questions, sorry for my noobishness:

>> Q: Is there a way to download ALL the updates from Windows & Norton in advance ?

> Yes, download them and burn them to CD.

Can you give me the URL to download the updates manually ?

> If you have a fast connection why are you not using a NAT Router? If you

> have the problems you describe above.

I've never heard of a NAT Router, i'll look into this

I'm on a broadband connection (Telenet Belgium), i don't know if you call it fast

- Downloads at 5 Mb/s

- Uploads at 192 Kb/s

cheerz
