Lighten up. I was just trying to get a chuckle out of you.

If something is obviously wrong, seeing a Joe Peschel one-word reply doesn't make it any more or less obviously wrong. If something is not obviously wrong, seeing a Joe Peschel one-word reply doesn't make it any more or less obviously wrong either. Your one-word "wrong" replies are devoid of content that wasn't there before you posted, and thus are a waste of time.
