"I founded Art Education for the Blind

sci.crypt: * ~ ! Morning Wood Privet Hedge Leap ~ ! *

In 1987, when my grandmother,
A gifted artist and lifelong art lover, began
To lose her sight.

As we continued to visit museums together,
We were dismayed by their lack of accommodations
And services for blind, visually impaired,
And disabled people.

I was appalled that this could happen
In New York City, with all our wonderful museums,
Cultural riches, and openness to diversity,

And I knew I had to do something
To change this situation!"

Founder & Executive Director
